Brock University

## About Brock University

Located at the centre of Canada's beautiful Niagara Peninsula in St. Catharines, Ont., Brock University is the only Canadian university with the distinction of being part of a UNESCO Biosphere Reserve.

The University offers strong undergraduate, graduate and interdisciplinary degree programs that include co-op and other experiential learning opportunities to a student population of more than 17,000.

Brock University graduates continue to enjoy one of the highest employment rates of all Ontario universities at 96.5 per cent. Brock celebrates the success of its

56,000 graduates who apply their degrees to careers throughout Canada and around the world.

The quality of education at Brock University continues to score high marks with students who gave the University a grade of A- in the Globe and Mail's 2006 University Report Card.

Our commitment to the individual student and to the highest standards of teaching and research excellence is reflected in the strong applications to Brock.

Brock students can expect the close, personal attention of a dedicated faculty and the opportunity to explore their academic interests through participation in seminars and labs.

The University is

expanding the number of programs offered at the undergraduate and graduate levels and is introducing new co-op programs across all Faculties. Brock offers one of the largest selections of co-op programs in Canada.

To meet an increasing demand for a Brock education, more than \$87 million in construction has been committed or commissioned to expand the campus. Over the last few years, the University completed construction of academic buildings, the Walker Complex, which is Niagara's largest recreational facility, and student residences. Construction is almost completed for a \$22.6 million facility that will house a new bookstore,

provide additional academic space and house the Lifespan Development Research Centre, a facility unique in Canada.

The University also operates a campus in Hamilton, Ont., that is used primarily for teacher education.

Brock serves the Niagara region as a cultural, academic and recreational centre and offers the community excellent facilities for people of all ages.

Brock's annual economic impact on the Niagara region is estimated at \$265 million.

The Brock campus is a safe and friendly environment. The park-like setting of the University, with its wide-

open spaces, offers a number of outdoor activities at any time of the year.

Opened in 1964, Brock was named for Maj.-General Sir Isaac Brock, who lost his life at Queenston Heights in the War of 1812. His last words are said to be, "Surgite! Push on!" - which have become the University's motto.
